

Connecting Health Communities 2024-2027

Express your interest in *Connecting Health Communities, 2024 – 2027*

Facilitation support to address health inequalities

Expression of Interest to IVAR - a national charity facilitating collaboration and learning

Hands on facilitation of partnership working to address specific area of health inequalities

DCT and Wellmoor had good experience of their input around a NHSX digital intel project in 2019/2020

- Senior NHS leadership commitment essential
- Range of other potential partners including Engaging Communities South West and Libraries Unlimited in addition to DCT and Wellmoor
- Other VCSE Assembly members with an interest in Digital Health inequalities welcome

Three key questions:

Briefly describe your ideas for how collaborative working can contribute to tackling health inequalities in your area

What are your initial thoughts about how people directly affected by health inequalities will be involved in this work?

Briefly outline any relevant work that is already underway (e.g. cross-sector working groups, joint action plans etc.)
